Immediate Renovation Opportunity - Sea View

Exciting opportunity to renovate this existing south facing villa with pool into a cozy home. Enjoying beautiful sea views, with a townhouse type atmosphere, nestled between a cluster of villas on the hillside of Vale Formosa only minutes from the beaches and golf resorts of Quinta do Lago and Vale do Lobo.

Whilst the villa is surprisingly bright, it currently has separate divisions for the living room, kitchen and dining room plus 5 bedrooms. Changing to a more open plan layout with 3 to 4 bedrooms (perhaps an office) would transform this house into an amazing home. Additionally the choice is yours to decide which rooms you want to have the best views. The beautiful sea view from the ground floor is to the left (but that view is still visible from the entire length of covered terrace and from within the villa), and the first floor has uninterrupted ocean views from east to west.
