Country Villa with Panoramic Views

A wonderful countryside villa with heated pool located in a quaint rustic setting with sweeping 360 ° views of the peaceful surrounding countryside. This well maintained villa built in 2005 is an existing substantial two storey family home which is perfectly liveable. A great investment opportunity in a much sought after area offering the tranquility and privacy of the countryside in a neighbourhood of high end luxury villas.

The current 4 bedroom villa of 449m2, is laid out over 2 storeys with the living area on the first floor to command all the views this villa has to offer of the countryside and distant sea - but with the scope to reconfigure the layout and create a bespoke family home suited to one's individual taste, an investment opportunity not to be missed
